Valid from	May 2016

**As a professional organisation with responsibility for children's safeguarding it is important that all members of the community are fully aware of their professional responsibilities and read and sign this Acceptable Use Policy. This is not an exhaustive list and visitors/volunteers are reminded that ICT use should be consistent with the school ethos, other appropriate school policies, relevant national and local guidance and expectations, and the Law.**

1. I have read and understood the school online safety policy which covers the requirements for safe ICT use, including using appropriate devices, safe use of social media websites and the supervision of pupils within the classroom and other working spaces.
2. I will follow the school's policy regarding confidentiality, data protection and use of images and will abide with copyright and intellectual property rights, child protection legislation, privacy and data protection law and other relevant civil and criminal legislation.
3. My electronic communications with pupils, parents/carers and other professionals will only take place within clear and explicit professional boundaries and will be transparent and open to scrutiny at all times. All communication will take place via school approved communication channels e.g. via a school provided email address or telephone number and not via personal devices or communication channels e.g. personal email, social networking or mobile phones. Any pre-existing relationships or situations that may compromise this will be discussed with the Senior Leadership team and/or Head Teacher.
4. My use of ICT and information systems will be compatible with my role within school. This includes the use of email, text, social media, social networking, gaming, web publications and any other devices or websites. I will take appropriate steps to protect myself online and my use of ICT will not interfere with my work duties and will always be in accordance with the school AUP and the Law.
5. I will not create, transmit, display, publish or forward any material that is likely to harass, cause offence, inconvenience or needless anxiety to any other person, or anything which could bring my professional role, the school, or the County Council, into disrepute.

6. I will promote online safety with the children in my care and will help them to develop a responsible attitude to safety online, system use and to the content they access or create.
